"a prodigy among biographers" by The New York Times Book Review, Michael Holroyd transformed biography into an art. Now he turns his keen observation, humane insight, and epic scope on an ensemble cast, a remarkable dynasty that presided over the golden age of theater. Ellen Terry was an ethereal beauty, the child bride of a Pre-Raphaelite painter who made her the face of the age. George Bernard Shaw was so besotted by her gifts that he could not bear to meet her, lest the spell she cast from the stage be broken. Henry Irving was an ambitious, harsh-voiced merchant's clerk, but once he

Painted his face and spoke the lines of Shakespeare, his stammer fell away to reveal a magnetic presence. He would become one of the greatest actor-managers in the history of the theater. Together, Terry and Irving created a powerhouse of the arts in London's Lyceum Theatre, with Bram Stoker—who would go on to write *Dracula*—as manager. Celebrities whose scandalous private lives commanded global attention, they took America by storm in wildly popular national tours. Their all-consuming professional lives left little room for their brilliant but troubled children. Henry's boys followed their father

into the theater but could not escape the shadow of his fame. Ellen's feminist daughter, Edy, founded an avant-garde theater and a largely lesbian community at her mother's country home. But it was Edy's son, the revolutionary theatrical designer Edward Gordon Craig, who possessed the most remarkable gifts and the most perplexing inability to realize them. A now forgotten modernist visionary, he collaborated with the Russian director Stanislavski on a production of Hamlet that forever changed the way theater was staged. Maddeningly self-absorbed, he inherited his mother's potent

charm and fathered thirteen children by eight women, including a daughter with the dancer Isadora Duncan. An epic story spanning a century of cultural change, A Strange Eventful History finds space for the intimate moments of daily existence as well as the bewitching fantasies played out by its subjects. Bursting with charismatic life, it is an incisive portrait of two families who defied the strictures of their time. It will be swiftly recognized as a classic. All of us must seek at a personal and a general level for a philosophy of meaning in life, "this strange eventful history," to borrow a descriptive phrase for our existence from Shakespeare. A sense of meaning is essential for peace of mind, yet meaning may appear elusive in our present-day divided world. This book sets out to survey our options concisely, drawing on philosophy, religion, science and art, across the gamut from classical philosophers to atheists, mystics, sensualists, agnostics, primatologists, neuroscientists, Unifaith

these stars steers us on a path towards a viewpoint of Cosmic Compassionate Plurality. The Existentialist philosophers cautioned that life is essentially meaningless – but they allowed that we may choose ourselves. Certainly, our choices are many and various in this current era. Often, however, we bemoan the lack of time to read and research those possibilities. This book sets out to provide the needed background material.

entertaining history, Robert Hamilton Ball traces in detail the fate of Shakespeare on silent films from Tree's first effort until the establishment of sound in 1929. The silent films brought Shakespeare to a wide public who had never had the chance to see his plays in the theatre. And Shakespeare gave the film makers an air of respectability that was badly needed by a medium with a reputation for frivolity. This work, first published in 1968, brings history to life with excerpts from scenarios, from reviews and from contemporary film journals, and with reproduction of stills and frames from the

When it comes to really knowing a person, is what you see really what you get? Is it ever all you get? In this first critical study and annotated translation of the dramatic masterpiece *Four Cries of a Gibbon* by the late-Ming dynasty Chinese playwright Xu Wei, author Shiamin Kwa considers the ways that

people encounter and understand each other in extraordinary circumstances. With its tales of crimes redressed in the next world and girls masquerading as men to achieve everlasting fame, *Four Cries of a Gibbon* complicated issues of self and identity when it appeared in the late Ming dynasty, paving the way for increasingly nuanced reflections on such questions in late Ming and early Qing fiction and drama. Beyond their historical context, Xu Wei's influential plays serve as testimony to what Kwa argues are universal strategies found within drama. The heroes and heroines in these plays glide back and forth

Analysis of many plays by Shakespeare is that of a legal situation in transformation and of a dynamically changing relation between law and society, law and the jurisdiction of Renaissance times. Shakespeare provides the kind of literary supplement that can better illustrate the legal texts of the sixteenth and early seventeenth centuries. There was a strong popular participation in the system of justice, and late sixteenth-century playwrights often made use of forensic models of narrative. Uncertainty about legal issues represented a rich potential for causing strong reactions in the public, especially

A Book of Secrets is a treasure trove of hidden lives, uncelebrated achievements, and family mysteries. With grace and tender imagination, Holroyd brings a company of unknown women into the light. From Alice Keppel, the mistress of both the second Lord Grimthorpe and the Prince of Wales; to Eve Fairfax, a muse of Auguste Rodin; to the novelist Violet Trefusis, the lover of Vita Sackville-West—these women are always on the periphery of the respectable world. Also on the margins is the elusive biographer, who on occasion turns an appraising eye upon himself as part of his investigations in the maze of
