But some of America's most famous, fabulous landmarks were actually designed and built by humans. These bridges, buildings, churches, castles, college campuses and more are not just the biggest, tallest, hardest to build or most beautiful. On top of that, they have become iconic symbols of their states, drawing in tourists from around the country and even around the world to marvel at their design.

171 reviews of Manhattan Bridge "I am not crazy about the Manhattan Bridge, but have to thank for existing the right spot! since I wanted to go to 'Brooklyn Museum - Target 1st Saturday,' I had to take N or Q train from my hood.. then, transfer to 2 or 3 train to get where I want to be.. and also it gives the view!! I mean... u can see whole Brooklyn bridge thru the train traveling..

More than 50 buildings built with funds from US taxpayers directed to West Virginia are named for either Byrd or his wife, Erma Ora Byrd (née James). Several transportation projects named for Byrd have gained national notoriety, including the Robert C. Byrd Highway. Also known as "Corridor H" of the Appalachian Development Highway System, the highway was dubbed "West Virginia's road to ...
