Current and relevant to today's students, SOCIOLOGY IN OUR TIMES: THE ESSENTIALS, 10th Edition presents the latest available data and new insights on behaviors, issues, and trends in our nation and world from a sociological perspective. The new edition of this bestselling text emphasizes the theme of social change and the ways in which media—particularly social media—and other forms of technology inevitably bring about new ways of living, interacting with others, or doing certain activities or task. New sections on social change have been added throughout the book, and the theme also appears in the “Sociology Works!” and “Media” features. “Sociology and Social Policy” boxes return to this edition, examining issues such as gun control, prevention of military suicides, and whether employers should be allowed to “spy” on their employees. First-person accounts of individuals' lived experiences draw students into the chapter content by illuminating topics that reflect the text's primary themes of diversity, the application of sociology to everyday life, global comparisons, media, and social change. New timely topics include environmental activism, immigration, bullying and social media, and same-sex marriage. This best-selling comprehensive book conveys the relevance of sociology by presenting a timely collection of theories, research, and examples -- including its signature first-person accounts that open many chapters. These lived experiences are relevant to students and introduce themes that provide a framework for learning the chapter material. Kendall's vivid and inviting writing style, emphasis on applications, and eye for compelling current examples further highlight sociology's relevance to all students. Now in its eleventh edition, SOCIOLOGY IN OUR TIMES is acclaimed for being the first textbook to integrate race, class, and gender issues, and for its thorough presentation of sociological theory, including contemporary perspectives such as feminism and postmodernism. This edition focuses more on social/global change and on the contemporary world, presenting such current debates as bullying and social media abuse, digital-age methods to increase school attendance, food trucks and the spread of culture, modern slavery, and weight bias. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

A comprehensive presentation of the major topics in medical sociology. The Sociology of Health, Healing, and Illness, 8/e by Gregory L. Weiss and Lynne E. Lonquist provides an in-depth overview of the field of medical sociology. The authors provide solid coverage of traditional topics while providing significant coverage of current issues related to health, healing, and illness. Readers will emerge with an understanding of the health care system in the United States as well as the changes that are taking place with the implementation of The Affordable Care Act.

Now with SAGE Publishing, and co-authored by one of the foremost authorities on sociological theory, the Tenth Edition of Sociological Theory by George Ritzer and Jeffrey Stepnisky gives readers a comprehensive overview of the major theorists and schools of sociological thought, from sociology's origins through the early 21st century. Key theories are integrated with biographical sketches of theorists, and are placed in their historical and intellectual context. This text helps students better understand the original works of classical and modern theorists, and enables them to compare and contrast the latest substantive concepts. New to this Edition Chapter 1 now includes a discussion of colonialism as one of the forces that shaped modern society. The "Historical Sketch" chapters contain new material on the historical significance of early women founders, and on the contributions of W.E.B. Du Bois. Chapters on Marx, Durkheim, Weber, and Simmel now conclude with sections on contemporary applications of ideas from these 19th century thinkers. A new chapter focuses theories of race, racism, and colonialism, as well as theories about indigenous peoples and theories from the "Global South" that challenge the work of scholars from Europe and North America. The concluding chapter has a new section on theories of prosumption, one of the newest developments in consumer theory. New material on colonization, women classical theorists, and race theory, as well as new timelines, added to history chapters.
