The title "heavenly participation" refers to the belief that heaven is already present on earth and this presence is reflected in the moral lives of Christians. The metaphor for this heavenly participation is the "sacramental tapestry," a carefully woven unity of nature and the supernatural in which created objects serve as sacraments that participate in the mystery of the

and the supernatural, between earth and heaven, Hans Boersma issues a wake-up call for Western Christianity. Both Catholics and evangelicals, he says, have moved too far away from a sacramental mindset, focusing more on the here-and-now than on the then-and-there. Yet, as Boersma points out, the teaching of Jesus, Paul, and St. Augustine indeed, of most of Scripture and the church fathers is profoundly otherworldly, much more concerned with heavenly participation than with earthly enjoyment. In *Heavenly Participation* Boersma draws on the wisdom of great Christian minds ancient and modern Irenaeus, Gregory of Nyssa, C. S. Lewis, Henri de Lubac, John Milbank, and many others. He urges Catholics and evangelicals alike to retrieve a sacramental worldview, to cultivate a greater awareness of eternal mysteries, to partake eagerly of the divine life that

transcends and transforms all earthly realities. Hans Boersma makes a superb contribution to evangelical theological reflection in this well-designed book, and it goes a long way to drawing us back from the brink of a fashionable evangelical tendency to reductive historicism. His re-situation of the doctrine of the Incarnation in its historic sacramental language and thought opens up the way to a deeper understanding of the truths of faith that evangelicals and Catholics alike seek to comprehend and nurture. David Lyle Jeffrey Baylor University Theology at its best, says Hans Boersma, is less interested in comprehending the truth than in participating in it. Skillfully marshalling passages from the church fathers and medieval theologians and drawing judiciously on contemporary evangelical and Catholic thinkers, Boersma shows that theology is not primarily an intellectual

enterprise but a spiritual discipline by which one enters into the truth and is mastered by it. Though this sacramental tapestry, as he calls it, is as old as the church, it is refreshing to have it presented anew in this engaging book. Robert Louis Wilken University of Virginia

The supernatural visitation described in this book happened in 1992. However, I felt that I could not speak of it openly until the "time was right," and that time is now! In the years that followed, I had angelic encounters that are also recounted in these pages. The time I spent in the presence of Jesus profoundly changed me! During this time, Jesus promised that the story of His visitation and the teaching He gave during my 45-minutes with Him has the capacity to radically change YOU too. ABOUT

THE AUTHOR Kevin Zadai was called to ministry at the age of 10. He attended Central Bible College in Springfield, Missouri, where he received a Bachelor of Arts in Theology. Later, he received training in Missions at Rhema Bible College. At age 31, during a routine day surgery, he found himself on the 'other side of the veil' with Jesus. For 45 minutes, the Master revealed spiritual truths before returning him to his body and assigning him to a supernatural ministry. Kevin holds a Commercial Pilot license and has been employed by Southwest Airlines for 27 years as a flight attendant. He and his wife, Kathi, reside in New Orleans, Louisiana.

Embodiment in the theology of Gregory of Nyssa is a much-debated topic. Hans Boersma argues that this-worldly realities of time and space, which include

embodiment, are not the focus of Gregory's theology. Instead, embodiment plays a distinctly subordinate role. The key to his theology, Boersma suggests, is anagogy, going upward in order to participate in the life of God. This book looks at a variety of topics connected to embodiment in Gregory's thought: time and space; allegory; gender, sexuality, and virginity; death and mourning; slavery, homelessness, and poverty; and the church as the body of Christ. In each instance, Boersma maintains, Gregory values embodiment only inasmuch as it enables us to go upward in the intellectual realm of the heavenly future. Boersma suggests that for Gregory embodiment and virtue serve the anagogical pursuit of otherworldly realities. Countering recent trends in scholarship that highlight Gregory's appreciation of the goodness of creation, this book argues that Gregory looks at

embodiment as a means for human beings to grow in virtue and so to participate in the divine life. It is true that, as a Christian thinker, Gregory regards the creator-creature distinction as basic. But he also works with the distinction between spirit and matter. And Nyssen is convinced that in the hereafter the categories of time and space will disappear-while the human body will undergo an inconceivable transformation. This book, then, serves as a reminder of the profoundly otherworldly cast of Gregory's theology.

Scott Hahn unveils the mysteries of the Mass, offering readers a deeper appreciation of the most familiar of Catholic rituals. Of all things Catholic, there is nothing that is so familiar as the Mass. With its unchanging prayers, the Mass fits Catholics like their favorite clothes. Yet most Catholics sitting in the pews on Sundays fail to see the powerful supernatural drama that enfolds them. Pope John Paul II described the Mass as "Heaven on Earth," explaining that what "we celebrate on Earth is a mysterious participation in the heavenly liturgy." The Lamb's Supper reveals a long-lost secret of the Church: The early Christians' key to understanding the mysteries of the Mass was the New Testament Book of Revelation. With its bizarre imagery, its mystic visions of heaven, and its end-of-time prophecies, Revelation mirrors the sacrifice and celebration of the Eucharist.

Leading Scholar Offers a Theological Approach to Preaching This primer on the ministry of preaching connects reading the Bible theologically with preparing and preaching sermons. Hans Boersma explains that exegesis involves looking beyond the historical and literal meaning of the text to the hidden sacramental reality of Christ himself, which enables us to reach the deepest meaning of the Scriptures. He provides models for theological sermons along with commentary on exegetical and homiletical method and explains that patristic exegesis

The relationship between theology and biblical studies is often marked by misunderstandings, methodological differences, and cross-discipline tension. With an irenic spirit as well as honesty about differences that remain, theologian Hans Boersma highlights five things he wishes biblical scholars knew about theology so that these disciplines might once again serve the church hand in hand.
