Henry VIII - Spouses, Wives & Children - HISTORY

Henry VIII was the king of England (1509–47). He broke with the Roman Catholic Church and had Parliament declare him supreme head of the Church of England, starting the English Reformation, because the pope would not annul his marriage to Catherine of Aragon. He wanted to remarry and produce a male heir.

Henry VIII

A detailed study written by a popular Tudor historian that sets a personal biography of Henry VIII against the cultural, social and political background of his court (with a rich supporting cast of courtiers, ministers, nobles and commoners) and the splendour of his many palaces.

Examines the king's remarkable influence on the laws, customs, culture, and politics of his kingdom and profiles the diverse courtiers, artists, and scholars who surrounded Henry VIII.

When 17-year-old Henry Tudor ascended to the English throne, his reign looked promising. But by the time of his death in 1547, King Henry VIII was characterized as an extremely harsh, insecure king. This biography takes readers into the life of a monarch mainly remembered for his six marriages and establishing the Church of England. Illustrations..

These two history plays—one written in the early days of Shakespeare's career and one at the very end—are alike in the complexity of their political vision. King John probes the nature of good and evil as self-interest and ruthless ambition proceed unchecked while an unpopular ruler wages a brutal fight to keep his throne. Henry VIII is a sumptuous spectacle of pomp and ceremony, as well as an exploration of the mysterious ways in which the rise and fall from power of individuals led ultimately to England's destiny as a Protestant nation.

"Mad world, mad kings, mad composition!" —King John
In one volume, eminent Shakespearean scholars Jonathan Bate and Eric Rasmussen provide fresh new editions of two classic histories: Henry VIII and King John. THIS VOLUME ALSO INCLUDES MORE THAN A HUNDRED PAGES OF EXCLUSIVE FEATURES:
• original Introductions to Henry VIII and King John
• incisive scene-by-scene synopses and analyses with vital facts about the works
• commentary on past and current productions based on interviews with leading directors, actors, and designers
• photographs of key RSC productions
• an overview of Shakespeare's theatrical career and chronology of his plays
Ideal for students, theater professionals, and general readers, these modern and accessible editions from the Royal Shakespeare Company set a new standard in Shakespearean literature for the twenty-first century.

Recounts the lives of Henry VIII's heirs and the intrigues that arose from their struggle to ascend their father's throne

The king and his wives-letters and documents
History is full of notable figures, but far fewer in number are those who have become iconic. An indisputably iconic figure, even among the many great kings of England, is the towering figure of the Tudor monarch, King Henry VIII. He was, of course, the father of Queen Elizabeth I, Gloriana, an equally renowned monarch of her own golden age. She sought always to be and be seen as her father's daughter, but posterity preserves what it will of a life in the public consciousness and so aside from Henry's unmistakable and imposing personal appearance what is most remembered of him by many is that he was married on six occasions and habitually terminated his relationships with an axe at the executioner's block-though this occurred only twice perhaps indicating more moderation in Henry's character as a husband than he is usually credited with. There has always been something seductively attractive about this powerful man, capable of great tenderness and romance, an artist, poet and musician-and yet a ruthless and unscrupulous tyrant capable of incredible insensitivity and cruelty. This volume contains an engrossing selection of correspondence, reports and other documents concerning Henry and his wives. The central part of the book is a famous collection of love letters sent by the king to his second wife Anne Boleyn, one of his spouses who lost her head to be superceded by another beauty of the court Jane Seymour, one of Anne's ladies in waiting. In this special and unique Leonaur edition these letters are added to by the inclusion of correspondence and other documents concerning the fate of Henry's sometimes unfortunate women and the events that surrounded them. Leonaur editions are newly typeset and are not facsimiles; each title is available in softcover and hardback with dustjacket; our hardbacks are cloth bound and feature gold foil lettering on their spines and fabric head and tail bands.

"In this new book, James P. Carley, a leading scholar in the emerging field of book history, describes Henry VIII's libraries and shows their key role in providing a more intimate understanding of this seemingly familiar monarch and his consorts. The books of the wives, moreover, show them to have been as independent and innovative as the king himself. The extensive illustrations allow us to examine both the bindings and the contents of the collection, and also provide us with examples of his immediate voice in the form of the marginalia that he inserted into his books."--BOOK JACKET.

"Brilliantly written and meticulously researched...Alison Weir is adept at bringing to life these historical figures." SAN FRANCISCO CHRONICLE
Henry VIII is perhaps England's most infamous monarch, especially when it comes to matters of the heart. He was married to six distinctly different women, and in this richly detailed and meticulously researched history, these remarkable, often misunderstood queens come to life once again. Their full histories and personalities emerge at last, giving voices to the six extraordinary women who left their distinctive marks on the English throne and thereby changed the course of British history.
