The author and WWII fighter pilot offers a firsthand look at an RAF squadron's harrowing fate in this candid combat memoir. Before he became a prolific author of history and fiction, Terence Kelly served in the Royal Air Force during World War II, flying Hawker Hurricanes in combat against the Japanese. Hurricanes Over the Jungle is Kelly's personal account of what happened to the twenty-two pilots of No. 258 Squadron, RAF, after leaving Scotland in late October 1941. One hundred and twenty days later, all those who had not been killed became prisoners of the Japanese. This heartbreaking story takes readers to the final defense of Singapore and then on to Sumatra and Java. In his vivid narrative, Kelly recaptures the atmosphere of squadron life, the bitter aerial engagements with the Japanese enemy, and the hostile jungle terrain over which they fought. For its honest depiction of front line combat, and its criticism of British and Allied failures that resulted in lost lives, Hurricane Over the Jungle offers an important perspective on the Pacific Theater of World War II.

With its unparalleled coverage of English slang of all types (from 18th-century cant to contemporary gay slang), and its uncluttered editorial apparatus, Cassell's Dictionary of Slang was warmly received when its first edition appeared in 1998. 'Brilliant,' said Mark Lawson on BBC2's The Late Review; 'This is a terrific piece of work - learned, entertaining, funny, stimulating' said Jonathan Meades in The Evening Standard. But now the world's best single-volume dictionary of English slang is about to get even better. Jonathon Green has spent the last seven years on a vast project: to research in depth the English slang vocabulary and to hunt down and record written instances of the use of as many slang words as possible. This has entailed trawling through more than 4000 books - plus song lyrics, TV and movie scripts, and many newspapers and magazines - for relevant material. The research has thrown up some fascinating results

In Dan Zanes' House Party!, the Grammy Award-winning children's artist presents a huge collection of folk songs along with inspiration to start your own family band. Too often, new parents eager to share their love of music with their young children feel their options are limited to cuddly singing dinosaurs and well-meaning humans whose understanding of children's music starts with "Kumbaya" and ends with "Puff the Magic Dragon." For many sane adults, these choices are more abrasive than the most aggro noise-rock of their college years. Dan Zanes has spent the past 20 years creating a truly compelling body of children's music that music-loving parents can also get behind. A former 1980s indie rocker, Zanes' 13 children's albums have gained wide praise for their authentic arrangements and preservation of America's folk traditions. In Dan Zanes' House Party!, the Grammy Award-winning Zanes has curated a rich selection of folk songs that comprise an essential musical cross-section of the American experience and its multicultural, immigrant underpinnings. The selections include the standard songs we all know and love, along with folk classics. Each song is accompanied by a brief narrative on its historical context, followed by lyrics, notation, and chords. Among the songs you'll learn to play: "Erie Canal," "Pay Me My Money Down," "Titanic," "Waltzing Matilda," "The Farmer Is the One," "Wabash Cannonball," "Sloop John B.," "Old Joe Clark," "Skip to My Lou," "King Kong Kitchie," and "We Shall Not Be Moved." Dan Zanes' House Party! also includes informational sidebars throughout to give families the basics needed to pick up instruments and learn to more fully enjoy music as a family band. And in the back of the book, you'll find chord charts for guitar, ukele, and mandolin. More than just a collection of songs, Dan Zanes' House Party! is part music book, part history lesson, and a work that all families can enjoy—together.
