Featuring high-quality footage and images, this book/DVD combo uses real life material and practical lessons that readers can apply immediately to their own projects. Focused lessons take readers step by step through all aspects of iLife '11 - everything from organizing and sharing their photo library to creating polished video and soundtracks. This guide is completely updated to cover all the new features in iLife '11 including the immersive New Full Screen Modes in iPhoto; the stunning new Movie Trailers in iMovie which can turn your home videos into Hollywood-style coming attractions; the new Flex Time and Groove Matching tools in Garageband '11, and much more! All of Peachpit's eBooks contain the same content as the print edition. You will find a link in the last few pages of your eBook that directs you to the media files. Helpful tips: If you are able to search the book, search for "Where are the lesson files?" Go to the very last page of the book and scroll backwards. You will need a web-enabled device or computer in order to access the media files that accompany this ebook. Entering the URL supplied into a computer with web access will allow you to get to the files. Depending on your device, it is possible that your display settings will cut off part of the URL. To make sure this is not the case, try reducing your font size and turning your device to a landscape view. This should cause the full URL to appear.

Taking Your iPhoto '11 to the Max walks users through Apple's most popular software application in the iLife suite—iPhoto. With iPhoto '11 it's easy to organize and manage the thousands (maybe tens of thousands) of photos on your Mac by Faces, Places, and Events. iPhoto '11 also comes with editing and enhancement tools that rival those in expensive photo software. And finally Share what you shoot by publishing photos to your Facebook page and Flickr account or even up someone's inbox with a beautiful email message designed with your photos. And do it all without leaving iPhoto. Let this book be your complete guide to managing all that iPhoto '11 has to offer. Beyond what other books offer this book guides you in how to work with iPhoto '11 today including integration with with the brand new iCloud service and OS X Lion.

With better ways to get your photos online and new options for creating printed projects, iPhoto '11 makes it easier than ever to transfer photos from a digital camera, organize them, and publish, print, or share them in maps—but there's still no printed manual for the program. Fortunately, David Pogue and Lesa Snider team up in this witty, authoritative book that should have been in the box. Organize your collection. Discover all of the options for grouping your pictures—by events, in albums, or based on who 's in the photo or where it was taken. Sharpen your editing skills. Learn how to use iPhoto 's beefed-up editing options, including its Photoshop-like adjustments panel. Share images online. Get your photos to everyone on your list by publishing them to Flickr, Facebook, and MobileMe. Dive into creative projects. Have fun building slideshows (with music), gift books, calendars, and cards.
