The most recent information and specs on the popular AR-15 rifle. There's no denying the popularity and intense fascination with AR-15s among firearms enthusiasts today. Interest has grown rapidly over the past decade, spurred by the versatility of modern sporting rifles in addition to increased performance. Here, inside the most comprehensive source to date in a newly updated second edition, is Doug Howlett's expert approach to everything from the intriguing history of the AR to breaking down the weapon piece by piece, choosing ammunition, and even building your own gun. In this complete book of AR-style firearms, you can peruse the products of all manufacturers, learn about the evolution of the AR from its uses in the military in the 1960s to its adaptation for law enforcement and civilian uses, and gain essential knowledge on the parts and functions of the rifle. Also included are chapters on customizing and accessorizing ARs, with a special focus on builders in small gun shops and their unique and successful products. Look into the future of the AR straight from top gun authorities! Skyhorse Publishing is proud to publish a broad range of books for hunters and firearms enthusiasts. We publish books about shotguns, rifles, handguns, target shooting, gun collecting, self-defense, archery, ammunition, knives, gunsmithing, gun repair, and wilderness survival. We publish books on deer hunting, big game hunting, small game hunting, wing shooting, turkey hunting, deer stands, duck blinds, bowhunting, wing shooting, hunting dogs, and more. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to publishing books on subjects that are sometimes overlooked by other publishers and to authors whose work might not otherwise find a home.

WELCOME TO THE END OF THE WORLD! Disease-K has decimated the world leaving its victims shambling homicidal maniacs. And nestled along the warm Gulf waters sits Gulf Shores...the last outpost of civilization. With looters and thieves preying on the shocked survivors, it's up to the retirees and bank

tellers, phone repairmen and charterboat captains to put the town back together. THE SHADOWS ARE GATHERING OUTSIDE OF TOWN! There, in the sands and marshes of the Gulf of Mexico, the citizens of Gulf Shores along with scattered military units, a downed Air Force pilot, and a lone Coast Guard cutter form the last line of defense against the amassing horde of the infected marching its way toward the sea destroying what's left of humanity along the way. As summer gives way to the fall and the cold winds blow off the sea, Gulf Shores draws the line and prepares to make the... THE LAST STAND ON ZOMBIE ISLAND!

With the help of this sniper's bible, the famed U.S. Army snipers killed 1,187 Vietcong in one five-month period and expended only 1.37 rounds per kill. This manual is also an excellent tool for honing hunting and target skills.

25% of this book's proceeds will be donated to two military charities: the Special Operation Warrior Foundation and the Sua Sponte Foundation. This book is the complete beginner's guide to long range shooting written in simple every-day language so that it's easy to follow. Included are personal tips and best advice from my years of special operations sniper schooling and experience, and as a sniper instructor. If you are an experienced shooter, this guide will be a resource covering the principles and theory of long range shooting. This is the preliminary book to help you understand fundamental concepts such as MOA vs Mils and external ballistics, that can be like a trusted resource at the range. Learning to shoot long range isn't that difficult. Once you understand the basics, you can start to master your technique and you'll be hitting targets in no time. The author has a series of online instructional videos known for their ability to take seemingly complex areas of long range shooting and breaking them down so that they're easy to understand. This book was motivated by the feedback from those videos. The handbook is broken down into three main categories: What it is/How it works, Fundamentals, and How to use it. "What it is/How it works" covers equipment, terminology, and basic principles. "Fundamentals" covers the theory of long range shooting. "How to use it" gives you practical advice on how to implement what you've learned so far to make you a long range shooter.

This collector's guide to highly collectible group known as the assault weapons gives an overview of different types of assault firearms, explains relative scarcity, outlines profit potential and manufacturer differences, lists gun values, and includes expert buyer tips.
