Life is Full of Challenges

Life is full of challenges- no matter age, gender, religion, ethnicity, or occupation. Some days can be wonderful and rich with blue skies with rays of yellow, and in a single moment, dark clouds and stormy winds push you to the brink of despair! In those moments, we often find ourselves discouraged and in need of words that speak to the heart of the matter; and it is there that we get a glimpse of the smallest rays of hope, waiting to be put together like pieces of a fragmented puzzle. The question for us then becomes, wherein does this source of enlightenment stem?In this big little book, these simply penned words, steeped in hidden pathways, can have the ability to meet you where you are and change life's trajectory. No matter how deep the pit appears or how hot the fire burns, take comfort in knowing that this collection: Poetry Thoughts & Meditations for the Soul, are writings inspired just for you. One of the most powerful gifts we have is that of self-expression. So understanding how to build a practical and healthy sense of self does not end when we face adversity; it merely begins when we overcome it. Here a little, there a little, step by step! The creativity He inspires can become an integral part of our lives when we learn how to saturate ourselves in the Son-light. Your journey in the wilderness has been a tedious one. Won't you allow a force higher than yourself to sustain and refresh your soul? Come, eat, and drink from the fountain. I hope that within these pages, you find a breadth of depth in the infinite source you have never known before. On that foundation, that source will unleash within your inner self unconditional Love, Joy, Peace, and the Hope of a Lasting Legacy!

India's History and Culture

India's history and culture is ancient and dynamic, spanning back to the beginning of human civilization. Beginning with a mysterious culture along the Indus River and in farming communities in the southern lands of India, the history of India is punctuated by constant integration with migrating peoples and with the diverse cultures that surround the country. Placed in the center of Asia, history in India is a crossroads of cultures from China to Europe, as well as the most significant Asian connection with the cultures of Africa. The Historical Dictionary of Ancient India provides information ranging from the earliest Paleolithic cultures in the Indian subcontinent to 1000 CE. The ancient history of this country is related in this book through a chronology, an introductory essay, a bibliography, and hundreds of cross-referenced dictionary entries on rulers, bureaucrats, ancient societies, religion, gods, and philosophical ideas.
