Murder on the Mind is the first of  
the Jeff Resnick mysteries and  
really got me hooked on reading  
more! Jeff is a down on his luck  
guy who gets mugged in New York  
City and is left not only with  
physical damage but a kind of  
psychic ability that makes him  
want to investigate the story  
behind the murder which he has  
seen in his mind's eye.

Where does Murder on the Mind  
rank among all the audiobooks  
you ' ve listened to so far? As this  
is the only suspense audio I've  
read so far, I can't accurately  
compare it to any I've listened to  
in another genre as far as a story  
goes. Comparing quality, I'd say it  
was very professional.
