How to Write \u0026 Publish a Book Pt. 1 | Dr. Myles Munroe

You were born to lead. Now it's time to become a leader. Leaders may be found in boardrooms, but they may also be found in families, schools, and organizations of all kinds\u2014anywhere people interact, nurture, create, or build. Contrary to popular opinion, leadership is not meant for an elite group of people who, by fate or accident, become leaders while everyone else is consigned to being a lifelong follower. After personally training thousands of leaders from around the world, best-selling author Dr. Myles Munroe reports that while every person possesses the potential of leadership, many do not understand how to cultivate the leadership nature and how to apply it to their lives. In The Spirit of Leadership, Dr. Munroe defines the unique attitudes that all effective leaders exhibit, explains how to eliminate hindrances to your leadership abilities, and helps you to fulfill your particular calling in life. "...a defining portrait of true and effective leadership. On these pages you will discover your purpose, your passion, and your potential to become the leader God has destined you to be." \u2013Pastor John Hagee, Cornerstone Church "[Dr Myles Munroe's] wisdom is to the believer what a phone booth was to Superman! Step into every page and be charged!" \u2013Bishop T. D. Jakes, The Potter's House of Dallas "The world is groaning in travail, waiting for the manifestation of those who will rise up as followers of God and leaders of men.... Dr. Myles Munroe will give you invaluable insight in your quest to discover and develop the spirit of a leader." \u2013Pastor Rod Parsley, World Harvest Church "Are you aware that God has ordained you to be a leader? In The Spirit of Leadership, Dr. Myles Munroe gives us the key to find the hidden leader within ourselves. I highly recommend this inspired book to all." \u2013Paul F. Crouch, Trinity Broadcasting Network "In The Spirit of Leadership, Dr. Myles Munroe taps into the core truths of authentic, successful leadership. Through decades of study and careful observation, Dr. Munroe has identified the key\u2014the missing ingredient that activates the potential to lead found within every human being." \u2013Marilyn Hickey, Marilyn Hickey Ministries

In Keys for Leadership, Dr. Munroe reveals that the one thing all leaders have in common is not education, knowledge, or networking. It is a spirit. When you think according to the spirit of leadership, you begin the process of becoming a leader. Every human being has the capacity for leadership, but most lack the understanding or will to develop it. Learn the keys for leadership, capture the spirit of leadership, and you will discover the leader within you.

International motivational speaker and sought-after business consultant Reverend Myles Munroe proves that true leaders empower others to discover their own leadership gifts.

How to Protect Your Leadership Influence and Power You've worked hard to achieve your dreams and goals. Many others have done the same\u2014only to lose it all in the end. Every day, we read about successful people in various walks of life who have lost their power and influence. They've been fired, forced to resign, or shamed out of public life. They no longer have a market for their gifts, and they may even face criminal proceedings. These leaders have lost the trust of their companies, constituents, nations, followers, and families. Many were surprised to discover that their talents alone were not enough to prevent their downfall. Why did they fail in the end? Because they lacked the one quality that would have protected their leadership and given them enduring influence. Ironically, this quality is seldom taught to leaders today, either formally or informally. It is the quality of moral force, or character. Every human being is a leader over some domain as he or she exercises gifts and influence. That domain might be the halls of government, the boardroom, the classroom, the community, or the home. In The Power of Character in Leadership: How Values, Morals, Ethics, and Principles Affect Leaders, you will discover what character is, what it means to develop moral force, and how to preserve your leadership influence so that it is both effective and enduring.

Leaders everywhere, in arenas big and small, struggle with the desire and, frankly, the need to make sure their vision for the organization they have created or grown continues regardless of circumstances. And the question "what will be my legacy?" is a question all people ask themselves. Myles Munroe has observed that the tendency among leaders is to deal with this question as serious circumstances or retirement loom. Further, it is his belief that this is one of the most important decisions a leader will ever make. This book is a wakeup call. Myles Munroe wants all leaders to focus on building the right team for the future and to make it a top priority because the process is not a quick one. Properly mentoring the right people to ensure the continuation of an organization is actually a process that must be woven into that organization over a span of years or even decades. Chapter topics discussed include The Chaos of Transition The Leadership Dilemma Living Beyond Your Generation The Principles of Mentoring PASSING IT ON shows how to use the concept of mentoring within an organization to value the distinct talents and abilities of the individuals. Mentoring is the pathway to developing leaders from within; leaders who are in line with the goals of the organization; leaders who are most likely to adopt and carry a vision forward.

In Understanding the Purpose and Power of Authority, best-selling author Dr. Myles Munroe turns the widely accepted but counterfeit concept of authority upside down. Then, he reveals God's original intent, showing us how to live in the freedom of our own personal authority in God's great design and to respond positively to the inherent authority of others. Many people view authority as something oppressive, stifling, and even fearful. All of us hate to be controlled or manipulated. Our negative concepts and experiences of authority produce life-draining emotions\u2014fear, distrust, suspicion, friction, defensiveness, antagonism, stress, worry, and dread. Others have a limited perspective of what authority means, believing that only people who reach a certain "level" in life can exercise it. They don't believe they could ever be called to a place of authority. The truth is, we were all created for authority, and we are all answerable to the authority of others. Authority is what we're authorized to do by our inherent purposes. You have a God-given calling to develop your own personal authority to carry out your unique purpose in life.

Everyone on earth can be a leader because everyone has gifts. You become a leader when you discover your gifts and talents through a divine relationship with your maker and optimize them for the benefit of the entire world.
