Introduces honeybees, describing their physical features, different roles in the hive, and the importance of bee pollination for the world's food supply.

Introduces facts about the planets, distinguishing between

Access Free National

the inner, gas, and dwarf planets, and discusses how scientists learn about the planets and outer space.

The whole world loves panda bears. Everyone loves to watch them play, climb, cuddle, and chew. But careful, they can scratch too—just look at that tree! Pandas live in wild places very
