Download Free Textbook On Competition Law

This incisive textbook enhances understanding of EU competition law, exploring significant substantive and enforcement issues relating to antitrust, merger control and state aid law. Providing an examination of well-established doctrines, landmark judgements and the impact of recent developments, this textbook also emphasises the importance of the interplay between domestic and European competition law by discussing national competition rules and frameworks.

Succinct and concise, this textbook covers all the procedural

Download Free Textbook On Competition Law

and substantive aspects of EU competition law. It explores primary and secondary law through the prism of ECJ case law. Abuse of a dominant position and merger control are discussed and a separate chapter on cartels ensures the student receives the broadest possible perspective on the subject. In addition, the book's consistent structure aids understanding: section summaries underline key principles, questions reinforce learning and essay discussion topics encourage further exploration. By setting out the economic principles which underpin the subject, the author allows the student to engage with the complexity of competition law with confidence. Integrated examples and an uncluttered writing style make this required reading for all students of the subject.

Download Free Textbook On Competition Law

This clear and concise textbook presents EU competition law in political, economic and comparative context. It combines excerpts from key EU rulings with discussions of enforcement policy issues and comparisons with US antitrust cases. Untangling the complex set of factors driving individual outcomes, it is the perfect companion for any student or practitioner in the field.

This book provides the first comprehensive analysis of the immediate and likely longer-term consequences of Brexit for the UK's competition law regime and includes the competition and subsidy control provisions of the EU-UK Trade and Cooperation Agreement. It has been written to be of value to

Download Free Textbook On Competition Law

scholars and practitioners of competition law, whilst also providing a useful guide to readers with only limited understanding of competition rules. The book provides a detailed critical discussion of how Brexit impacts on five key aspects of competition policy in the UK: legislation, institutions and cooperation; antitrust rules that prohibit anti-competitive agreements and the abuse of a dominant position; private enforcement, in particular actions for damages; regulation of mergers and acquisitions; and State aid or subsidy control rules.

Competition Law and Policy in the EU and UK provides a focused guide to the main provisions and policies at issue in the EU and UK, including topics such as enforcement, abuse

Download Free Textbook On Competition Law

of dominance, anti-competitive agreements, cartels, mergers, and market investigations. The book's contents are tailored to cover all major topics in competition law teaching, and the authors' clear and accessible writing style offers an engaging and easy to follow overview of the subject for course use. The fifth edition provides a full update for this well-established title, presenting and contextualising the impact of key cases, as well as changes to enforcement practice, and at a legislative and institutional level. There are new, separate chapters in this edition on private enforcement and UK market investigations to reflect the increasing significance of these key areas of competition law practice. Competition Law and Policy in the EU and UK integrates useful pedagogical features to help clarify topics and reinforce important points:

Gönenç Gürkaynak illuminates the entirety of Turkish competition law in the first such treatise of its kind, spanning across the historical roots of legislation, policy, and institutions, to substantive aspects, enforcement, and procedure. All components of the law are individually discussed, with extensive references to essential case law that are further enriched by the author's vast experience in the field. The book provides a comprehensive and in-depth analysis of the competition law regime in Turkey, against the backdrop of the country's international commitments, as well as recent amendments to the law. The book is an essential guide for practitioners and academics alike, and for all interested in the future of Turkish competition law in a

globalized economy. For its comparative analysis and insights, it is of value to the entire competition community.

This is the first academic monograph on the new competition law in Hong Kong. It provides an overview of the historical background of the Competition Ordinance, highlighting the debate and the process that led to the adoption of the Ordinance. It offers detailed comparative and theoretical analysis of the key provisions of the Ordinance, focusing on the First Conduct Rule, the Second Conduct Rule, the exclusions and exemptions, and the procedural provisions. It draws on overseas legislation and jurisprudence that inspired the provisions in the Ordinance and incorporates a detailed examination of the latest cases decided by the Competition
