The Whisperers: Private Life in Stalin's Russia ...

Drawing on a huge range of sources - letters, memoirs, conversations - Orlando Figes tells the story of how Russians tried to endure life under Stalin. Those who shaped the political system became, very frequently, its victims. Those who were its victims were frequently quite blameless. The Whisperers recreates the sort of maze in which Russians found themselves, where an unwitting wrong turn could either destroy a family or, perversely, later save it: a society in which everyone spoke in whispers - whether to protect themselves, their families, neighbours or friends - or to inform on them.

Drawing on letters, memoirs, conversations, this work tells the story of how Russians tried to endure life under Stalin, conveying the reality of their terrible choices. It recreates the sort of maze in which Russians found themselves, where an unwitting wrong turn could either destroy a family or, perversely, later save it.

From the award-winning author of A People's Tragedy and Natasha's Dance, a landmark account of what private life was like for Russians in the worst years of Soviet repression There have been many accounts of the public aspects of Stalin's dictatorship: the arrests and trials, the enslavement and killing in the gulags. No previous book, however, has explored the regime's effect on people's personal lives, what one historian called “the Stalinism that entered into all of us.” Now, drawing on a huge collection of newly discovered documents, The Whisperers reveals for the first time the inner world of ordinary Soviet citizens as they struggled to survive amidst the mistrust, fear, compromises, and betrayals that pervaded their existence. Moving from the Revolution of 1917 to the death of Stalin and beyond, Orlando Figes re-creates the moral maze in which Russians found themselves, where one wrong turn could destroy a family or, perversely, end up saving it. He brings us inside cramped communal apartments, where minor squabbles could lead to fatal denunciations; he examines the Communist faithful, who often rationalized even their own arrest as a case of mistaken identity; and he casts a humanizing light on informers, demonstrating how, in a repressive system, anyone could easily become a collaborator. A vast panoramic portrait of a society in which everyone spoke in whispers—whether to protect their families and friends, or to inform upon them—The Whisperers is a gripping account of lives lived in impossible times.

A heroic love story and an unprecedented inside view of one of Stalin's most notorious labor camps, based on a remarkable cache of letters smuggled in and out of the Gulag "I went to get the letters for our friends, and couldn't help but feel a little envious, I didn't expect anything for myself. And suddenly—there was my name, and, as if it was alive, your handwriting." In 1946, after five years as a prisoner—first as a Soviet POW in Nazi concentration camps, then as a deportee (falsely accused of treason) in the Arctic Gulag—twenty-nine-year-old Lev Mischenko unexpectedly received a letter from Sveta, the sweetheart he had hardly dared hope was still alive. Amazingly, over the next eight years the lovers managed to exchange more than 1,500 messages, and even to smuggle Sveta herself into the camp for secret meetings. Their recently discovered correspondence is the only known real-time record of life in Stalin's Gulag, unmediated and uncensored. Orlando Figes, “the great storyteller of modern Russian historians” (Financial Times), draws on Lev and Sveta's letters as well as KGB archives and recent interviews to brilliantly reconstruct the broader world in which their story unfolded. With the powerful narrative drive of a novel, Just Send Me Word reveals a passion and endurance that triumphed over the tragic forces of history.

A beautifully written tribute to the people who teach us to cook and guide our hands in the kitchen, by a founding editor of Saveur. The cooking lessons that stick with us are rarely the ones we read in books or learn through blog posts or YouTube videos (depending on your generation); they’re the ones we pick up as we spend time with good cooks in the kitchen. Dorothy Kalins, founding editor of Savuer magazine, calls the people who pass on their cooking wisdom her Kitchen Whisperers. Consciously or not, they help make us the cooks we are—and help show the way to the kind of cooks we have the potential to become. Dorothy’s prolific career in food media means many of her Kitchen Whisperers are some of the best chefs around (though the lessons she’s learned from fellow home cooks are just as important). For Dorothy, a lifetime of exposure to incredible cooks and chefs means that she can’t enter her kitchen without hearing the voices of mentors and friends with whom she cooked over the years as they reveal their favorite techniques. Marcella Hazan warns her against valuing look over flavor. Christopher Hirshheimer advises that sometimes water is the best liquid to add to a dish rather than stock or wine. Her onetime Southern mother-in-law wisely knows that not everyone who asks for a biscuit is food hungry. Woven through the text are dozens of narrative recipes, from her mother’s meat loaf to David Tanis’s Swiss Chard Gratin. The Kitchen Whisperers will prompt older readers to identify and cherish the food mentors in their own lives, just as it will inspire younger readers to seek them out. Stories and recipes from Dorothy’s notable connections will inspire the creative food journeys of all.

Unrivalled in scope and brimming with human drama, A People's Tragedy is the most vivid, moving and comprehensive history of the Russian Revolution available today. 'A modern masterpiece' Andrew Marr 'The most moving account of the Russian Revolution since Doctor Zhivago' Independent Opening with a panorama of Russian society, from the cloistered world of the Tsar to the brutal life of the peasants, A People's Tragedy follows workers, soldiers, intellectuals and villagers as their world is consumed by revolution and then degenerates into violence and dictatorship. Drawing on vast original research, Figes conveys above all the shocking experience of the revolution for those who lived it, while providing the clearest and most cogent account of how and why it unfolded. Illustrated with over 100 photographs and now including a new introduction that reflects on the revolution's centennial legacy, A People's Tragedy is a masterful and definitive record of one of the most important events in modern history.

Examining Stalin's reign of terror, this text argues that the Soviet people were not simply victims but also actors in the violence, criticisms and local decisions of the 1930s. It suggests that more believed in Stalin's quest to eliminate internal enemies than were frightened by it.

From the “master of historical narrative” (Financial Times), a dazzling, richly detailed, panoramic work—the first to document the genesis of a continent-wide European culture. The nineteenth century in Europe was a time of unprecedented artistic achievement. It was also the first age of cultural globalization—an epoch when mass communications and high-speed rail travel brought Europe together, overcoming the barriers of nationalism and facilitating the development of a truly European canon of artistic, musical, and literary works. By 1900, the same books were being read across the continent, the same paintings reproduced, the same music played in homes and heard in concert halls, the same operas performed in all the major theatres. Drawing from a wealth of documents, letters, and other archival materials, acclaimed historian Orlando Figes examines the interplay of money and art that made this unification possible. At the center of the book is a poignant love triangle: the Russian writer Ivan Turgenev; the Spanish prima donna Pauline Viardot, with whom Turgenev had a long and intimate relationship; and her husband Louis Viardot, an art critic, theater manager, and republican activist. Together, Turgenev and the Viardots acted as a kind of European cultural exchange—they either knew or crossed paths with Delacroix, Berlioz, Chopin, Brahms, Liszt, the Schumanns, Hugo, Flaubert, Dickens, and Dostoyevsky, among many other towering figures. As Figes observes, nearly all of civilization’s great advances have come during periods of heightened cosmopolitanism—when people, ideas, and artistic creations circulate freely between nations. Vivid and insightful, The Europeans shows how such cosmopolitan ferment shaped artistic traditions that came to dominate world culture.

“From the hair-raising to the eyebrow-raising, this is a scintillating account of meetings with spirits through history” (Mark Booth, New York Times–bestselling author). It may seem incredible, but as bestselling novelist and occult expert J.H. Brennan reveals in this eye-opening new history, there is a wealth of evidence to suggest that the disembodied voices of spirits may have subtly directed the course of human events. In Whisperers, Brennan explores how the “spirit world”—whether we believe in it or not—has influenced our own since the dawn of civilization. With a novelist’s flair and a scholar’s keen eye, Brennan details the supernatural affinities of world leaders from King Nebuchadnezzar to Adolf Hitler, showing how the decisions and policies of each have been shaped by their supernatural beliefs and encounters. Brennan also examines the impact of visions, from shamanism in native cultures to prophets such as Joan of Arc. Chronicling millennia of contact between the spirit world and our own, Whisperers presents an entirely new and different way to look at history. “Prolific Irish author and lecturer Brennan’s lifelong fascination with psychic phenomena fuels this comprehensive analysis of potential supernatural influences on history. . . . Certain hokum for skeptics, but the more open-minded will savor this chillingly convincing testimonial.” —Kirkus Reviews “J.H. Brennan is an expert storyteller who paints an often terrifying picture of how human destiny has regularly been changed forever by individuals convinced they were in communication with intelligences from beyond. In Whisperers, Brennan has created a unique and timely history of spirit voices that is both brilliant and utterly chilling.” —Andrew Donkin, coauthor of Illegal

A middle grade debut that’s a heartrending coming-of-age tale, perfect for fans of Bridge to Terabithia and Counting By 7s. Eleven-year-old Riley believes in the whispers, magical fairies that will grant you wishes if you leave them tributes. Riley has a lot of wishes. He wishes bullies at school would stop picking on him. He wishes Dylan, his 8th grade crush, liked him, and Riley wishes he would stop wetting the bed. But most of all, Riley wishes for his mom to come back home. She disappeared a few months ago, and Riley is determined to crack the case. He even meets with a detective, Frank, to go over his witness statement time and time again. Frustrated with the lack of progress in the investigation, Riley decides to take matters into his own hands. So he goes on a camping trip with his friend Gary to find the whispers and ask them to bring his mom back home. But Riley doesn’t realize the trip will shake the foundation of everything that he believes in forever.
